

# WL-700N-MINI

Compact 802.11n Wireless USB Adapter

## Small in Design. Big on Speed.

Introducing one of the world's most compact 802.11n Wireless USB adapters for both Windows® and MAC® OS X.

The new Dynamode **WL-700N-MINI** is an ultra-compact and stylish USB2.0 adapter which brings the latest 802.11n (Draft 2) Wireless connectivity to Notebooks and Desktops. Using the new compact RALINK™ 3070 series 802.11n chipset assures total compliance with your existing 802.11n Draft 2 Wireless Router or Access Point with the re-assurance of a backward 802.11g/b Wireless connection if you need it.

Stream content-rich multimedia wireless content direct to your Notebook or PC and enjoy increased wireless signal range that current 802.11g wireless clients just could not handle and enjoy easy-to-configure WPS™ Wireless encryption to give you total privacy while connecting over wireless together with a whole host of other industry standard wireless encryption modes to suit your home or business WiFi network.
